KEY INFORMATION ABOUT THE HOME

There are variations of shared ownership models which have different features. The model of shared ownership may vary depending on:

- what rules were in place at the time the home was funded or planning permission granted
- where the home is located
- whether the home is for a specific group of people

Homes built specifically for people over the ages of 55 are sold on the Older Persons Shared Ownership (OPSO) scheme. They have some key differences to normal shared ownership.

The table below highlights the key features of common shared ownership schemes. The information in this document is for Older Persons Shared Ownership homes on the new model shared ownership.

Shared ownership model	Older model shared ownership	Standard model shared ownership	New model shared ownership
Minimum initial share	25%	25%	10%
Lease length	were issued for 99	Leases are for a minimum of 99 years from new but typically at least 125 years	Leases will be for a minimum of 990 years from new
Initial repair period	No	No	Yes

1% share purchase	No	No	Yes
Landlord's nomination period	8 weeks or 12 weeks	8 weeks	4 weeks

Additional features of Older Persons Shared Ownership homes

Scheme Lease Type	Older Persons Shared Ownership
Feature	If you reach 75% ownership you no longer have to pay rent.
Maximum % share you can own in future	75%
Additional restrictions	For over 55s only

When you are looking for shared ownership homes, you should always check the Key Information Document to see which model covers that specific home.

When you buy a home through shared ownership, you enter into a shared ownership lease. The lease is a legal agreement between you (the 'leaseholder') and the landlord. It sets out the rights and responsibilities of both parties.

Before committing to buy a shared ownership property, you should take independent legal and financial advice.

This key information document is to help you decide if Older Persons Shared Ownership is right for you. You should read this document carefully so that you understand what you are buying, and then keep it safe for future reference. This document 'Key information about the home' is a summary and you should consider the information in 'Summary of costs' and 'Guide to shared ownership' before making a decision.

This does not form part of the lease. You should carefully consider the information and the accompanying lease, and discuss any issues with your legal adviser before signing the lease.

Failure to pay your rent, service charge or mortgage could mean your home is at risk of repossession.

The costs in this document are the costs as at the date issued. These will increase (typically on an annual basis) and you should take financial advice on whether this will be sustainable for you.

Lease type	Older Persons Shared Ownership flat lease
Lease term	990 years For more information, see section 2.5, 'Lease extensions', in the 'Key information about shared ownership' document.
Rent review	Your rent will be reviewed each year by a set formula using the Consumer Price Index (CPI) for the previous 12 months plus 1%. For more information, see the Rent Review section in the 'Summary of Costs' document which includes an example of how rent could increase over a 5 year period. A worked example demonstrating how the rent is calculated at review is also set out in Appendix 2 of the lease.
Maximum share you can own	You can buy up to 75% of your home.
Transfer of freehold	As you can only reach a maximum of 75% ownership, this home will always remain leasehold.
Landlord	McCarthy & Stone (Shared Ownership) Limited Fourth Floor 100 Holdenhurst Road Bournemouth Dorset BH8 8AQ Under a shared ownership lease, you pay for a percentage share of the market value of a home. You enter into a lease agreement with the landlord, and agree to pay rent to the landlord on the remaining share.

If they do not find a buyer within 4 weeks, you can sell your share yourself on the open market. For example, through an estate agent.
